Hi Madam, I am Sanjib Sanyal from India(Kolkata). Today I have cleared PMP certification in my first attempt. I am very happy today and want to share this with you for your book. In 2021 July I purchased your book through amazon as one of my friends recommended it to me. It was the only reference for my exam and it is too good and I cannot count how many times I read it..each line and words, module end exams. I have been in Japan for the last 4 years and working on projects starting from my career in the Telecom industry. Thank you very much Ma'am for your guidance through this book and giving confidence.
